

I \_\_\_\_\_ am travelling to Panama in \_\_\_\_\_ on a water brigade. While there we will assist in designing and implementing water systems to prevent communicable illnesses in communities. Around 30% of the Panamanian population is living in poverty, with the majority of these citizens living in rural communities, with little or no access to basic health or water services. In just 10 days, we can take a project from start to finish, and provide clean, sufficient drinking water to more than 500 people year round. I ask you to kindly donate what you can to a very worthwhile cause. If you would like to give your e-mail address I will gladly send you a detailed report of our project and the difference your contribution made to the lives of those less fortunate. Thank You.
